PLASTIC SURGERY  
TRAINEES ASSOCIATION **PLASTA**

Fellowship Title / Hospital:

**Canniesburn Plastic Surgery Unit – Glasgow Royal Infirmary**

Fellowship Director: Mr David McGill

Consultants Attached to Fellowship/Department:  
Professor Andrew Hart

Aims / Subspecialist Areas of Interest:

- 1. Breast microsurgical fellowship**
- 2. Senior clinical fellow** – Ideally post CCT fellow. Can be tailored to needs of best candidate at interview with opportunities in Sarcoma, lower limb reconstruction, hands etc.
- 3. 2 x research fellowships** – 50:50 clinical and research commitments. Clinical commitments at ST3 level. Research work overseen by Professor Andrew Hart. Ideal for Pre ST3 candidate. May be post from August 2019. TBC.
- 4. Laser research fellowship** – Again ideal for pre-ST3 trainees with excellent conversion rate to national training numbers in Plastic Surgery. Clinical laser and plastic surgery work at ST3 level with protected research time and no-on-call requirements. Post currently filled for next two years.

Length of Fellowship: 12 months for Senior fellow and Microsurgical Fellowship; 12 months for the research and laser fellowships, extendable based on performance.

Career Grade of Applicants:

- Breast and clinical fellow positions - Ideally post CCT fellows
- Research and laser research positions – ideal for pre-ST3 trainees

Extra Information (on call commitments, research opportunities etc):

The senior fellows and the research fellowships are all on the main registrar on call rota (1 in 14 hybrid on call).

The laser fellowship does not have an on call commitment.

There is a strong and developing stream of translational research under the supervision of Prof Hart and the University of Glasgow. Further information on this can be provided on request.

Start of Fellowship Dates: August 2019
